

LOUISIANA BOARD OF REGENTS 2005-2006 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS SOUTHEASTERN LOUISIANA UNIVERSITY

Message from the Commissioner:

The Board of Regents is proud of all the teacher preparation programs in our state that reached out to restore education in Louisiana after the devastation of Hurricanes Katrina and Rita. The storms displaced over 84,000 university students, 176,000 K-12 students, 12,000 K-12 teachers, and 1.3 million citizens during fall 2005. The outreach by university faculty and their pre-service teachers was unprecedented. Displaced pre-service teachers were welcomed into new university environments and provided basic essentials to resume their education; pre-service teachers volunteered their time in shelters and helped deliver enrichment programs to displaced children; pre-service teachers assisted overcrowded schools deliver instruction to children who were experiencing emotional turmoil due to unimaginable losses; and displaced student teachers were welcomed into K-12 schools in new communities and provided clothing and housing to help them graduate on time. Of equal importance, faculty who lost their homes, personal belongings, and professional resources returned to their universities and joined in efforts to locate their displaced university students and rebuild the educational programs on their damaged campuses. The compassion and dedication demonstrated by teacher preparation faculty and pre-service teachers during this past year will not be forgotten.

E. Joseph Savoie
Commissioner of Higher Education

Mission of the University

The mission of Southeastern Louisiana University is to lead the educational, economic, and cultural development of southeast Louisiana.

Student Characteristics of the University

During Fall 2004, the university had a total enrollment of 13,664 undergraduate and 1,808 graduate students. A total of 5,652 students were males and 9,820 were

Student Characteristics of the University

females. The majority of the students were from Louisiana with a total of 14,899 in-state students, 418 out-of-state students, and 155 foreign students. Among students enrolled in the undergraduate program, 2,204 were black, 10,769 were white, and 691 were other races. Among students enrolled in the graduate program, 209 were black, 1,494 were white, and 105 were other races.

Accreditation and Approval of Teacher Preparation Program

The university is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). In addition, the university is accredited by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and the Louisiana Department of Education.

Notable Features and Accomplishments of Teacher Preparation Program

- On June 22, 2006, Southeastern was notified that the Southern Association of Schools and Colleges (SACS) had approved Southeastern's request to offer the Doctorate in Educational Leadership through a consortium arrangement along with the University of Louisiana in Lafayette. The two institutions have formed a consortium board to jointly administer the program, offer classes and make decisions regarding program development and student participation.
- The College of Education and Human Development was invited to join two prestigious national teacher education reform groups: the National Association for Teaching and America's Future and Teachers for a New Era Learning Network. Southeastern was the only university in the state of Louisiana invited to participate in these organizations. Through these organizations the College will be involved in national discussions, policy developments and pilot programs to support and investigate reforms in the preparation of new teachers and the support of in-service teachers.

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd.)

- A new non master’s alternative certification program for secondary education was approved by the Louisiana Board of Regents and the Board of Elementary and Secondary Education. The new program will begin admitting students for the Fall 06 semester.
- Aided by the enrollment of displaced students from hurricane Katrina, Southeastern’s enrollment reached an all time high in the Fall 05 semester with 16,068 students registered.
- Dean Dr. Diane Allen initiated the first annual “Conversations in Diversity” forums during the 05-06 academic year. Four College of Education and Human Development faculty gave the initial presentations with each presentation given twice: once at noon and the other in the evening. Presentations were given by Dr. Fred Dembowski, Head of the Department of Educational Leadership and Technology; Dr. Celina Echols, faculty member in EDL; Dr. Millie Naquin, Department of Kinesiology and Health Studies; and Dr. Bonnie Ahn of the Department of Human Development. In addition, we had one international speaker, Professor Almidio Aquino, from Paraguay speak on the language of the aboriginal population of Paraguay.
- Three national professional educational journals are being edited by College of Education and Human Development administrators. Dr. Fred Dembowski, Head of the Department of Educational Leadership and Technology is the managing editor of “NCPEA Connections.” He is also the editor of the “AASA Journal of Scholarship and Practice.” Dr. Bill Neal, Assistant Dean of the College is managing editor of the “Journal of the National Association for Alternative Certification.”
- During the 2006 College of Education and Human Development Annual Awards Convocation, sixteen Southeastern graduates who were either national teachers of the year or national principals of the years were recognized. Their pictures are to be placed in the Cate Teacher Education Center.

Teacher Preparation Program Data

**LOUISIANA BOARD OF REGENTS
2005-2006 TEACHER PREPARATION ACCOUNTABILITY SYSTEM**

SOUTHEASTERN LOUISIANA UNIVERSITY

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During subsequent phases (2002-2003, 2003-04, and 2004-05), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by teachers of their satisfaction with their teacher preparation programs) were assessed. In the future, additional factors will be assessed to examine such areas as ratings of programs by first year teachers' mentors and growth of learning of students taught by new teachers. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in Louisiana are working diligently to produce quality teachers who work effectively with PK-12 students.

During 2005-06, it was not possible to implementation the Teacher Preparation Accountability System due to the closure of universities and schools in Louisiana and the inability to collect data from displaced teachers and mentors due to Hurricane Katrina and Hurricane Rita. However, quantity and PRAXIS examination passage rate data that can be collected are being disseminated to the public in a *2005-06 Institutional Report for the Preparation of Teachers*.
