COURSE DESCRIPTION: 3 hours credit. The fundamental facts and procedures of school administration is emphasized. Theory and practice are fused in teaching the duties and responsibilities of administrative officials in the organization, administration and supervision of a modern school system.

COEHD CONCEPTUAL FRAMEWORK: In order to successfully plan, develop, and implement curricula to meet the needs of diverse learners in today’s world and to prepare students for the future, the College of Education and Human Development (COEHD) has identified four critical components of The Effective Educator: standards-based instruction (SBI), knowledge of the learner (KL), best pedagogical practices (PP), and content knowledge (CK).

The COEHD’s Conceptual Framework provides direction for the development of effective professionals. It is a living document that continuously evolves as opportunities and challenges emerge. All aspects of this course are aligned with the Conceptual Framework, including the course objectives, field experiences and assessments. The four components of the Conceptual Framework are the institutional standards used for candidate assessment in undergraduate and graduate programs. They are Knowledge of Learner (KL), Strategies and Methods (SM), Content Knowledge (CK), and Professional Standards (PS). Diversity (DV) and Technology (TY). The following is the link to the conceptual framework on the COEHD website.
