

October 2, 2012 @ 7:30 pm

KIVA Auditorium, 2nd floor of the TEC.

## Guest Speaker

# Lord Christopher Monckton

Lord Monckton is a businessman, newspaper editor, inventor of the Eternity puzzle, architect, public orator and climate change skeptic. He served as special advisor to Margaret Thatcher and initiated investigations into the effect of CO<sub>2</sub> emissions on global warming. Lord Monckton has spoken to Congress, as well as corporations and universities on climate science and economics. He will be attending the Qatar UN conference on climate in December 2012 and is currently writing his book, *Climate of Freedom*.

## Presentation Topic:

# Is CO<sub>2</sub> Mitigation Cost-Effective?
