This course is now broadcast on the Southeastern Channel in Tangipahoa, half of Livingston up to around Walker, and St. Tammany Parishes on Channel 18 and in Washington parish on Channel 17. The lectures will be broadcast live and then replayed on that same day. Check this website for specific times:
http://www.selu.edu/thesoutheasternchannel/
You may come to your registered classroom, either MCCL 105 or the St. Tammany Center or you may watch the broadcast through the Southeastern Channel. If you decide to come to class, you need to be ON TIME and STAY THE ENTIRE CLASS PERIOD! If you decide to watch from home, you MUST be motivated, take notes and check your blackboard announcements every day for test times or any other information concerning this class.

COURSE SCOPE and OBJECTIVE: To examine the major currents in the political, social, economic, cultural and religious history of the United States from the age of discovery to 1877. Four units on the Colonial Period (1492-1763), the Revolution and the Early National Period (1763-1816), the Age of Compromise (1816-50), and the Civil War and Reconstruction (1850-77). This is a lecture course, so you will have to take notes. The course will also consist of Internet use as well as outside reading.

Requirements
Readings from the text and reader:

Exam 1 Colonial Period: Text: Chapters 1-4 to page 106

Exam 2 The Revolution and the Early National Period: Text: Chapters 4-7

Exam 3 the Age of Compromise: Text: Chapters 8-13 to page 355

Exam 4 the Civil War and Reconstruction: Text: Chapters 13 from page 355- Chapter 15
Required Reader Questions and Map Quizzes (Open Book): This includes map exercises and questions from your required reader articles (See Reading Assignments above). There will be approximately four open book quizzes on your maps and four open book quizzes on your reader articles. Approximately 10 points for map quiz and 10 points for required reader quiz. These quizzes are found on the blackboard web site under Assignments. You may print out the maps first and complete them on paper before taking the online map quiz. Maps are found under Assignments. Maps and Required Reader Quizzes are worth a total of 80 points.

The map and reader quiz must be completed online before that unit’s test. You may not turn these in after the test. NO EXCEPTIONS!!! WILL NOT BE ACCEPTED AFTER DEADLINE! The map and reader quizzes are mandatory. You cannot make up a map and reader quiz since they are available to take online for more than one day. I will not accept maps turned into me on paper or through e-mail, you must take the map quiz and reader quiz online. If you are kicked off of the Internet before completing the map quiz, contact me through e-mail as soon as possible so you can be reset. Do not wait until the last minute to complete the map quizzes in case of computer failure, etc. There is no acceptable excuse for missing the deadline.

Again: The deadline for reader submission: before the test for that specific unit is scheduled to be taken. You may complete them using the labs available or from your home computer. Text and Reader quiz can be turned in at any time, day or night, weekday or weekend as long as it’s before the scheduled test period for that unit.

Maps and Reader quiz will be available for viewing on blackboard web site only during the time allotted for that particular unit. For example: unit 1 material available through date of unit 1 test, then it will NOT be accessible.

Structure of quiz: Maps will be in matching form and reader questions will be either multiple choice or True False.

Quality of written work: All written work must be neat, well written, grammatically correct, with proper word usage and spelling, and free of typographical errors. This is a minimum standard for college work. Grades will be lowered for papers not meeting these specifications.

EXAMINATIONS: There will be four exams given, covering each unit separately. There will be NO comprehensive final exam. Exams will cover the lectures, text, and readings. Exams will be given online using your blackboard site. Exams must be taken in the instructor-approved labs and during the exam day and time. The final exam will be online. Each exam will be 37 to 42 multiple choice questions worth two points apiece from the lectures, and videos, and text, may include 5 multiple choice questions worth two points apiece from the map, and 8 true-false or multiple choice questions worth two points apiece from the required reader articles for a total of 100 points or 50 questions from your lectures, any videos, and text all multiple choice. No grades will be dropped. You must take all four exams to pass the class.

MAKE-UP EXAMS: Make-ups will only be allowed with an excused absence. See below for excused absences. You must contact me through e-mail if you have missed a test. Make-ups will be in essay, short answer, matching, and fill in the blank form, but cover the same material. It is the responsibility of the student to obtain any lecture material or announcements missed. Do not ask the instructor for missed material. Make-ups are given every Friday afternoon on the hour. Please arrive at Fayard Hall Room 338 10 minutes before the hour. If you miss the final exam, you must get in touch with me during the day of the missed exam. If I have not heard from you by this deadline, you will receive a failing grade for the course.

Official communication: Beginning in January 2003 Southeastern will exclusively use your Southeastern e-mail account to communicate information about your curriculum, classes, assignments, and other important information. You can access your e-mail account from Webmail on Southeastern’s home page. The instructor will not respond to student e-mail from
any other e-mail addresses. You should check your e-mail regularly for messages. Announcements applying to the whole class may be posted on the Blackboard website for this class.

**Syllabus form:** By the end of the drop/add period, all students must login to their blackboard site and complete the **Syllabus Receipt Quiz** acknowledging that they have received a copy of the syllabus or accessed it on the Blackboard website for this course, have read and completely understood the syllabus, and are bound by all of its terms.

**GRADING:** A=432-480 points, B=384-431 points, C=336-383 points, D=288-335 points, F=287 &below, which is 90%-100% A, 80%-89% B, 70%-79% C, 60%-69% D, 59% and below F.

I do not round off percentages. For example: If your final percentage is 69.75% - you receive a D. You need a 70% to obtain a C for the course.

How to determine your grade?: You can either add your total points or determine the percentage. Example: 67% is not 3 points away from a C (70%) For every percentage point you need 4 points. You would need 12 more points to receive a 70%.

**Posting grades:** During the semester grades will be posted only on the Blackboard website for this class. Final course grades will be posted on the Peoplesoft system. Do not call the department office or the instructor’s office to ask about grades—it is illegal to give such information over the phone.

**Backing up computer files:** If you use a computer word processing program, keep a copy of your work on a backup disk and back up your files regularly. Loss of a computer file will not be accepted as an excuse for not turning in work on time.

**Incomplete (I) grades:** University policy states that the grade of “I” (incomplete) will be given only for work, which is of passing quality at examination time but which, because of circumstances beyond the student’s control, is not complete. This means, first of all, that students may receive an “I” grade only in the case of sudden dire emergencies, for example, severe and prolonged illness or injury requiring lengthy hospitalization. Students may not receive an “I” grade for prolonged absences over which they do have some control, for example, incarceration or court-ordered rehabilitation for chemical dependency. Secondly, instructors may give a student an “I” grade only if the student has completed all required assignments with due dates prior to the date of the emergency, with a passing grade. In those rare and extraordinary cases in which an “I” grade is given, the instructor and student must complete an “I” Contract form in the department office and obtain the department head’s approval. No “I” grades can be given after the end of the final exam period. Students who receive “I” grades must follow the procedure for removing the “I” described in the current Southeastern General Catalogue, or the grade will become an “F”.

**EXTRA CREDIT:** The instructor will give students the opportunity to earn up to 20 bonus points for the course. **No one will be allowed to earn more than 20 points in extra credit for the course.** The instructor may elect to give extra credit to students who attend lectures or other cultural events on campus that are related to this course and that are approved in advance. We will have Fanfare in October. Check your blackboard announcement page for extra credit opportunities throughout the semester. If you are always in another class or work at the time of these lectures, articles will be available on the Internet. Please look on your blackboard site under External links for these Internet articles. If you find something else that interests you, let me know in advance so that I can approve it. You need to type a 1 to 2 page double spaced summary
per article. Each summary will be worth 5 points. (Remember no more than 20 points allowed for the semester!) Please check for spelling, typographical errors and grammar. The deadline for turning in summaries will be listed on your calendar for this class. You need to use your drop box in blackboard to turn in your extra credit. Please see instruction below for submitting bonus or extra credit work. I will only accept your extra credit when you have completed all of your summaries. For example: If you only plan to do 2 out of the 4 summaries, then you may turn them in mid semester. You cannot complete the other 2 summaries after this. Any extra credit received after this deadline will NOT be accepted. NO EXCEPTIONS!!!!!! Extra credit points will be posted on the blackboard grade book.

**Cheating:** Exams will be closely monitored and written assignments will be checked for plagiarism. It is your responsibility to know what plagiarism is and to avoid it. Anyone caught cheating or turning in plagiarized work will fail the course and will be reported to appropriate university officials. “Students are expected to maintain the highest standards of academic integrity. Behavior that violates these standards is not acceptable. Examples are the use of unauthorized material, communication with fellow students during an examination, attempting to benefit from the work of another student and similar behavior that defeats the intent of an examination or other class work. Cheating on examinations, plagiarism, improper acknowledgment of sources in essays and the use of a single essay or paper in more than one course without permission are considered very serious offenses and shall be grounds for disciplinary action as outlined in the current General Catalogue.”

**ATTENDANCE:** If you do come to the classrooms, tardiness will not be tolerated. Since this class is broadcast live, we cannot have distractions of arriving late and leaving early. If you are late, do not come in the classroom. You can watch the lecture that same night over the Southeastern Channel. Also, failure to follow directions can result in a lower grade. **Since, you do not have to come to the classroom, attendance will be taken using the work (Syllabus Receipt Quiz, Map Quizzes, Reader Quizzes and tests) you must turn in throughout the semester. Attendance will be taken on a percentage basis. If you don’t do the work, you are NOT PRESENT!!!!!!!!!!!**

**Excused absences include:** 1) a serious student illness or injury documented by a letter from the attending physician on office stationery, 2) a death in the student’s immediate family documented by a copy of the obituary specifying how the student is related to the deceased and when the funeral is scheduled, 3) an approved school-sponsored activity documented by the official university Off-Campus Group Registration Form, 4) an appearance in court documented by a copy of the summons, subpoena, or other legal paperwork, 5) documented natural disasters

**Military service:** The Board of Supervisors for the University of Louisiana System has a policy governing students called up for military service during the course of a semester. Southeastern adheres to that policy.

**Official class roll:** Students who are not listed on the official class roll are not properly registered for the course, will not be allowed to attend class, and will not receive a grade for the course under any circumstances. Students bear the responsibility for ensuring that they are listed on the official class roll.

**Drop policy:** Last day to withdraw or resign from the university: Friday, October 22
Instructors may drop students who have never attended class when faculty members receive the official 14-day class roll. Thereafter, however, the instructor will not drop students for excessive
absences. All students who are still enrolled in the course after the drop deadline (October 22) will receive a grade for the course. No one will be given a “retroactive drop” for this class.

**Use of tape recorders:** Students registered in this class may use tape recorders to record the instructor’s lectures for their personal use only. Any unauthorized sale or duplication of such recordings or of transcripts of such recordings is prohibited.

**Students with disabilities:** If you are a qualified student with a disability seeking accommodations under the Americans with Disabilities Act, you are required to self-identify with the Office of Student Life, Room 203, Student Union.

**Student behavior/classroom decorum:** Free discussion, inquiry, and expression are encouraged in this class. Classroom behavior that interferes with either the instructor's ability to conduct the class or the ability of students to benefit from the instruction is not acceptable. Examples may include routinely entering class late or departing early; use of beepers, cellular telephones, or other electronic devices; repeatedly talking in class without being recognized; talking while others are speaking; or arguing in a way that is perceived as "crossing the civility line." In the event of a situation where a student legitimately needs to carry a beeper/cellular telephone to class, prior notice and approval of the instructor is required, and students who have such approval must use the device that vibrates instead of ringing.

Students may not bring to class any children, family members, friends, or others not registered for the course except for sign-language interpreters, note-takers, or other helpers allowed by the ADA and approved by the Office of Student Affairs. No animals are allowed in the classroom except for approved seeing-eye dogs. Eating and smoking in class are prohibited.

**MISC. INFO.**

- I will not entertain the option of students completing any work: extra credit, maps, quizzes etc. after deadlines have passed. Check calendar for deadlines.
- I will not respond to questions regarding units 1, 2, or 3 tests, reviews, maps, grades, during finals week. Problems regarding above units must be dealt with before finals week. For example: Ms. Anderson, I turned in the review for Unit 1 and you do not have my grade posted? I will not entertain this question and others like it during finals week. If you notice a problem, please inform me as soon as possible. I will be happy to help, just not 3 months after the fact.
- I will not change your final grade after the end of the semester. Any legitimate problems need to be resolved before the end of the semester.
